

## OUR COMMITMENT

### TO THE HEALTH, SAFETY, AND ENGAGEMENT OF OUR COMMUNITY

As the COVID-19 pandemic evolves, we are committed to staying informed with the CDC, DOH, local health and governmental authorities' guidelines and adhering to best practice protocols.

During these times, we continue to strictly follow infection control and sanitation policies/procedures. Currently, while maintaining social distancing and mask wearing, residents may enjoy:

- ❖ Socially distanced dining in our community dining rooms.
  - ◆ Residents still have the option of remaining in their apartments for meals if they so choose.
- ❖ Socially distanced small-group programming including Strength and Balance Exercise classes, weekly Trivia games, and Bingo, etc.
- ❖ Outdoor activities (weather permitting) including musical entertainment, conversing with their neighbors on our outdoor patio, etc.
- ❖ Scheduled and socially distanced visitation with friends and family.
  - ◆ Visitors must be 18 years of age or accompanied by an adult, and be will screened for COVID-19 symptoms – temperatures will be taken.
  - ◆ Visitors must wear face coverings. If they refuse, the will not be permitted to visit.
  - ◆ Visitation will be supervised by Esplanade Staff to be sure all protocols are being adhered to.

The health, safety and well-being of our residents and staff are our premier concern. On-site testing is available for staff and residents alike. Esplanade staff is tested on a regular basis. All new residents must be tested prior to move-in. If an active case is detected, self-quarantining will be mandated.

In these concerning times, we are committed to providing a safe, secure and enriching environment for our seniors. Loved ones of our residents should have peace of mind knowing that our staff is dedicated in providing our residents with all of the support and comforts of home in the safest way possible.
